LOW COST, LONG RUNNING

COPYPRINTER PRODUCTIVITY

Gestetner

Total Document Solutions

THE HARD WORKING, HIGH VOLUME, COST EFFECTIVE COPYPRINTER

In any busy work environment where there is a high daily demand for documents and other printed material, the compact Gestetner 5308+/5308b+ digital CopyPrinters are an invaluable asset.

Available in A4 or B4 machine configurations, the 5308+/5308b+ have an outstanding speed of 130 pages per minutes combined with a superb 300dpi print resolution. Fine, Text and Photo Modes further guarantee consistent print clarity. As well as a wide range of creative and practical features, the 5308+/5308b+ offers you an eye-catching choice of various spot colour ink options.

In conjunction with the optional controller, you can print any document created by your desktop publishing software applications.

You can be confident because it is supplied and maintained by the specialists in document communication and supported by the guarantee of a first class service and supply back up.

HIGH SPEED, IMPRESSIVE QUALITY

When time is of the essence, you can count on the highly productive 5308+/5308b+. They have an exceptional speed of 130 pages per minute, so even the longest runs will be completed in virtually no time at all. To further increase the streamline print process, an optional Automatic Document Feeder, which handles a wide variety of paper types, allows up to 30 originals to be fed at one time. But quality is not forfeited for speed, as the 5308+/5308b+ print at 300dpi resolution. This, together with special Fine and Letter/Photo Modes guarantees superbly clear text and image reproduction, in any combination, time and time again.

LONG, HIGH VOLUME PRINT RUN RELIABILITY

With a total paper input capacity of 1,000 sheets, even the longest print jobs are not only completed quickly, they are also completed in one uninterrupted run, unlike many conventional printers and copiers. Built-in reliability is another asset of the 5308+/5308b+. Designed with fewer moving parts than ordinary printers and copiers, a long and productive working life is guaranteed.

SURPRISINGLY LOW COST PER PRINT

Now compare the 5308+/5308b+ with conventional printers and copiers in terms of cost efficiency. You will find the 5308+/5308b+ deliver an appreciably lower cost per page, and the more prints you make, the lower that cost becomes. This substantial saving is further enhanced by an Economy Mode that can cut ink costs by as much as 15%.

PC CONNECTIVITY (OPTION)

An optional Controller, compatible with most major operating systems, turns the 5308+/5308b+ into high speed, high volume digital printers. They can be linked to a stand-alone desktop PC or network, enabling users to make the most of their software and desktop publishing capabilities.

THE IMPACT OF COLOUR (OPTION)

Nothing catches the eye like the imaginative use of colour. The 5308+/5308b+ offer you a choice of various spot colour ink options, including black. Used together with the standard Tint Mode, you can add the impact of spot colour to your print jobs, or overlay tints to highlight important text or graphics.

CREATIVE AND PRACTICAL FEATURES

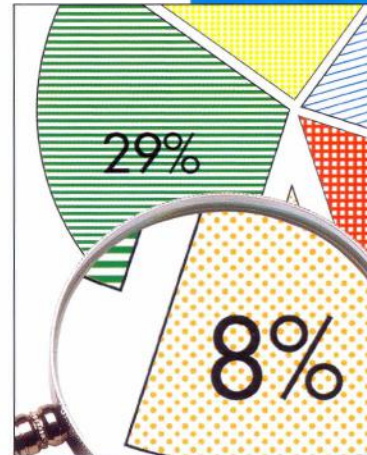

With a choice of A4 or B4 models, the 5308+/5308b+ have a host of creative and practical performance features as standard. These include Image Rotation that allows two originals to be combined on a single sheet. Booktop Scanning, with Margin Erase, allows bound books and 3-dimensional objects to be copied or scanned. And Security Mode ensures complete privacy for confidential documents.

EASY TO USE AND ENVIRONMENTALLY FRIENDLY

The 5308+/5308b+ are user and environmentally friendly. The control panels have a large, easy to use display that incorporates text and graphics to guide users confidently through the many operating features. Environmental features include a space-saving design, low noise levels, the ability to handle recycled paper and a special Energy Saving Mode.

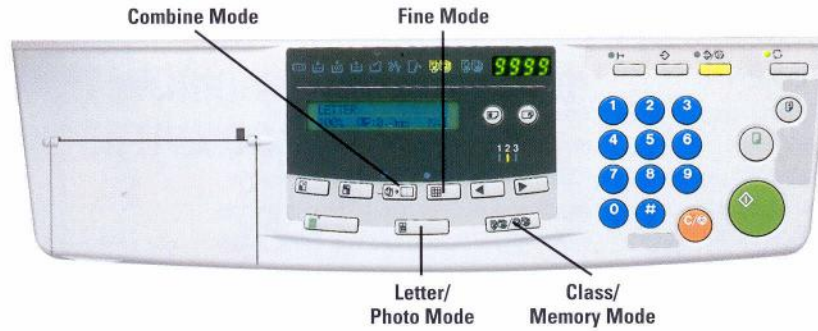

Design on screen using various spot colour ink options

Print at 130ppm with 300dpi quality

The more prints, the less the cost
